This year 2021-22 we will tackle 3 of the wonderful New Testament books. I and II Timothy and the book of James.

We are in a very challenging time in our nation's history and so each person and family find that they are living in circumstances that they may not have anticipated. The Books of Timothy are written nearing the end of Paul's life to one of his most faithful and beloved disciples. We discover in these two books instruction for a lifetime and some precious revelations about God's purposes for our lives.

The Book of James will come in the spring of the year. It is the only book of the bible written by a "relative" of the Lord Jesus Christ. This is the book that will prepare us for whatever difficulties that may lie in our future. It is "Bootcamp" for troubled waters.

Precept consists of an hour tying together what you have learned all week followed by an hour with a DVD of Kay Arthur expanding on what we have learned. Be ready to have God continue to set His ever-loving hands on your heart and mind so that the potter can continue to form his Vessel for His use. Love in Christ, Linda Nelson
